# Made to measure, made to last!

Superior Steel Lattice is manufactured from BHP Colorbond steel and can be custom made to suit almost any application. The unique construction of Superior Steel Lattice offers an elegant appearance and is designed for strength and beauty. Superior Steel Lattice is an ideal privacy screen for:

- **Spa's**
- **Garden Screens**
- **Patios**
- **Pergolas**
- **Carports**
- **Balustrade**
- **Building awnings**

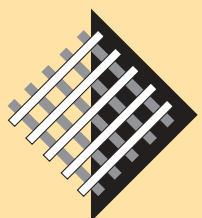

## 100% Australian Made

Superior Steel Lattice is a unique roll formed lattice strip which is riveted together either in a square or diamond pattern, in sizes from 50mm $\phi$  to 150mm $\phi$ .

Superior Steel Lattice can be supplied in prefabricated panel form, or professional installation can be arranged on request. Lattice panels are available in the complete Colorbond colour range or can be powder coated to suit.

- **BHP Colorbond® steel**
